FOR IMMEDIATE RELEASE

**State Route 160-Antioch Bridge
One-Way Traffic Controls-Paving Operation
Expect Nighttime Delays
Wednesday February 14, 2018**

CONTRA COSTA AND SACRAMENTO COUNTIES – The California Department of Transportation (Caltrans) will perform paving operations on the bridge deck of the Antioch Bridge on State Route 160 (SR-160) between Contra Costa and Sacramento Counties.

The work is scheduled, Wednesday, February 14 starting at 7:00 PM and will be completed by 5:00 AM on Thursday, February 15. All work is weather permitting.

To ensure public and worker safety, one-way traffic controls will be in effect. Crews will alternate lane closures in both northbound and southbound directions. This will allow one lane on the bridge to remain open during the work. Flaggers will help direct traffic.

Motorists should expect delays and allow for extra travel time.

Advance Notice Required to Boats and Ships

For boat and ship traffic along the Sacramento River, vessels are required to give Caltrans Staff at the Rio Vista Bridge one-hour advance notice for an opening of the bridge during the work.
